

Vincent Ross Independent

We The People of New Jersey need to be represented. As far as memory serve's The working People of New Jersey has not been represented by no Governor to Date. Our dollar value has gotten smaller, but our taxes and Fines AKA (which is another form of raising Taxe's) has gone up to the point of working poor: it's driving people to leave our wonderful state in droves and by the dozen's: I'm Looking to stop the bleeding and do what our constitution says; and represent the working Person of our state it's time we can not wait any longer. Vote Vincent Ross for Governor of the State of New Jersey and be apart of the representation This is Vincent Ross and I approve this message
