Hello New Jersey Residents,

I wanted to take a moment to remind you that there are three ways you can vote in the upcoming General Election. If you are a registered voter, you can vote by mail, during early, in-person voting or at the polls on Election Day, November 7, 2023.

If you are currently registered to vote by mail and would like to vote using one of our two in-person voting options instead (either during the early, in-person voting period October 28 – November 5 or at the polls on Election Day November 7) you must opt out of vote-by-mail with your County Clerk by September 1, 2023.

If you do not opt out of vote by mail with your County Clerk by September 1, 2023, you may still vote during the early, in-person voting period or at the polls on General Election Day via a provisional ballot.

For more information on provisional ballots and answers to all your questions regarding the upcoming election, visit VOTE.NJ.GOV.

Sincerely,

Tahesha Way
Secretary of State
